

Dear Jeff Musser

Let me first say what a pleasure it was chatting with you in Rome. I apologize for the tardiness of my response, but as you can imagine it has been quite hectic for us here since the concert. I would like to thank you on behalf of the entire We Are The Future staff for your efforts in Rome to help us in reaching our goal. A few days after the concert I was enjoying some down time with Carlos and found your business card in my pocket. I must say that both Carlos and I were very impressed with your work. You are an extraordinarily talented young man who truly has the creative gift. I am for certain that you have a very bright future ahead of you. Keep up the good work and thank you once again for everything you did.

With warmest regards,

Quincy Jones
